PatchPlus Consulting – When Experience Matters . . . PatchPlus Delivers

Why choose PatchPlus Consulting?

Experts with Experience

The PatchPlus Team of experts in the Intelligence, Space, and Cyber fields have a proven track record for providing top notch consulting services as well as training documentation and courseware development products to the Federal Government. Our staff consists of recognized experts who have as many as 35 years of operational intelligence, active duty military, and other government agency experience. We employ several graduates of the Air Force Weapons School, including several former instructors. While we possess a strong working knowledge of past and present issues, we also have a forward looking vision of tomorrow's Intelligence, Space and Cyber needs.

Products on-time and on target!

At PatchPlus, we take a fresh and insightful approach to satisfying customer needs. Our Team concept - which capitalizes on the synergies gained from tapping expertise across several relevant disciplines - provides a greater value to the customer. Drawing from each team member's years of intelligence experience, we are ready and able to find solutions best suited to our client's needs. By having a team of subject matter experts located throughout the US, our customers benefit from our ability to quickly interpret requirements into high quality efficient products at a cost advantage to the client.

Our Products

From conducting studies and analyses, writing Air Force Instructions and training manuals to developing training tools and facilitating process development, our skilled staff can provide a wide range of deliverables related to our many areas of expertise.

Intelligence Training	AOC Operations
Technical Writing	ISR Battle Management
CONOPS Development	Scenario Development
Intelligence Systems	White Papers
Force Management	Unit Level Operations
